Fiscal Year 2009 Budget Message

During budget deliberations, we were pleased that the majority of departments and agencies honored our plea to hold the line on spending. They submitted reasonable requests and most came in without a spending increase. In fact our appropriations are only some \$430,000 more than last year. Our focus has been to keep the bottom line in check. The General Fund budget shows only 1.7% growth. We have tried to offer the same level of funding to each agency that will still allow them to offer the best services to the public with a minimal tax burden on our citizens. This has been extremely difficult considering the National economy and specifically the increased burden on every operation caused by the skyrocketing cost of gasoline, electric and health care during the on-set of a recession.

In addition, our goals have been difficult to achieve in light of the state's budget deficit and their efforts to reduce funds to each county. We have already lost over \$3 Million in state funds from the Disparity Grant, Program Open Space,

the Highway User funds and income tax revenues. We still don't know what additional state cuts are in store for Allegany County. Our only significant revenue increase has been to the local property tax and will result in over \$2.9 Million in additional funds without raising the tax rate.

Education still ranks as our number one priority and receives 49.6% of the General Fund revenues. This year Allegany College of Maryland will receive an increase of 3.5% over last year. The Board of Education will receive \$28.45 Million with additional gaming proceeds of \$419,000 to fund various projects. When funding for debt service for capital school projects, renovations and repairs is added we will provide \$30.855 Million to the Board. Allegany County will fund a total of \$38,589,913 toward education.

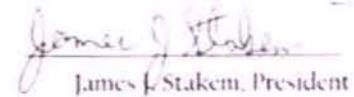

The largest increases this year went to the Detention Center with an additional \$413,000 totaling \$6.8 Million, the Sheriff's Patrol budget with an additional \$99,000 totaling almost \$2 Million, the Highway Department, through a General Fund Transfer, with over a 30% increase at \$2.2 Million, Allegany College up by \$250,000 (to \$7.425 Million) and Planning Department up \$119,000 to over \$502,000. In fact, these 5 budgets account for over 99% of the entire budget increase.

We continue our emphasis on Public Safety and Emergency Medical Services for the benefit of our residents. We will provide on-going allocations to fulfill our commitment and the long range plan by adding a 5th paramedic, by continuing the LOSAP Program to recognize and reward volunteer firefighters and help with the retention and recruitment programs. We have an aggressive Capital Improvements

Program and economic development plan. We seek to improve conditions for current businesses and residents and attract new industries and citizens to spark our economy. With the operation of the Allegheny Highlands Trail we offer a major asset for our tourism program but it too comes with a price tag. We will continue to provide maintenance and safety of the Trail to encourage both members of our community and visitors to take advantage of this county attraction.

In conclusion, we believe that we have provided a budget for the next year that offers our residents the very best services we can offer with minimum financial impact. We have worked hard to avoid any tax rate increases and we expect to address the property assessment cap by lowering it to 5%. Once again we did not satisfy everyone. We appreciate the interest and input of county residents as we deliberated over the budget. We feel we have listened to our agencies and balanced their needs for the delivery of first rate services with the reasonable pleas of the public to hold the line on government expenses.

ALLEGANY COUNTY FY 2009 BUDGET
INTRODUCTION AND POLICY INFORMATION
MAY 29, 2008

Introduction

The purpose of this section is to explain the scope, format, process, and content of the Allegany County budget. The following will assist the reader in understanding the budgetary concepts and comments upon which the budget is based.

Website Information

This information is available on the internet at WWW.GOV.ALLCONET.ORG under finance. The Finance Department maintains an EMAIL address to answer your questions and concerns at FINANCE@ALLCONET.ORG. Please contact us not only with your questions but also with any areas in which you think Finance can improve on the presentation of this document or any other issue.

Scope of the Budget

The County budget is a financial plan of expenditures for the fiscal year (July 1 – June 30), and the means of financing them. The annual budget provides historical, current, and future comparisons of revenues and expenditures. The budget must be adopted by June 30th each year as required by the Allegany County Code. As required by the State of Maryland, a constant yield hearing must be held if the County intends to enact a tax rate above the constant yield tax rate.

Budget Format

The budget document is organized into the following funds:

- The **General Fund** is the general operating fund of the County. This fund is used to account for all financial resources except those required to be accounted for in another fund. The primary sources of funds in the General fund are property taxes, income taxes, other local taxes and intergovernmental revenues. The major activities supported are general government, public safety, public works and education.
- **Special Revenue Funds** are used to account for the proceeds of specific revenue sources that are legally restricted to expenditure for specified purposes. The County **Special Revenue Funds** are:

Highway Fund – the Highway Fund accounts for the cost of maintaining the County's Road System. The major source of revenue is state highway user taxes.

Coal Haul Roads Fund – this fund accounts for taxes levied on mined coal which are locally restricted for repairing those roads used in transporting coal.

Transit Fund – the Transit Fund accounts for the operation of public transit system. The primary sources of revenues are federal and state revenues.

Gaming Fund - this fund accounts for the proceeds and appropriations of paper gaming operations

CDBG Fund – this fund accounts for revenues received from the Department of Housing and Urban Development. These revenues are restricted to accomplish the various objects of CDBG programs.

Block Grant Program Income Fund – program income from Community Development Block Grants, which are restricted to block grant type programs, are recorded in this fund.

Community Development & Housing – the fund accounts for federal grants restricted for low income housing programs as well as various other state and local housing programs administered by the County.

Narcotics Task Force Fund – this fund accounts for federal and state grants and local seizure revenues that are used to prevent the distribution and manufacture of illegal drugs.

Revolving Building Fund – the building fund is used to account for financial activity arising from economic development efforts to locate businesses in the County and any revenue derived from those efforts.

State Fire, Rescue & Immate Commissary Fund – primarily, this fund accounts for the receipt and distribution of State Section 508 funds to the various County fire and rescue organizations.

Emergency Medical Services Fund – this fund will provide personnel and equipment to help support the local fire departments in responding to emergency medical calls.

- The **Debt Service Fund** is used to account for the payment of principal and interest on all general obligation debt not recorded in the enterprise funds. The major revenue sources to fund the transfers from other funds to cover debt service payments are taxes in the **General Fund** and rent income from the **Revolving Building Fund**.
- The **Capital Project Funds** are used to account for financial resources to be used for the acquisition or construction of major capital facilities, (other than those financed by enterprise funds). The County **Capital Project Funds** are:

Non-Industrial Development Capital Improvement Project Fund – this fund accounts for non-industrial development capital projects that are funded by various sources including federal and state grants.

Pay-As-You-Go Capital Reserve Fund – this fund is used to accumulate resources for future capital projects and is funded by transfers from the General Fund and other sources.

Public Improvement Bonds 2004 Capital Projects Fund – this fund accounts for the proceeds of the 2004 Public Improvement Bond.

Public Improvement Bonds 2006 Capital Projects Fund – this fund accounts for the proceeds of the 2006 Public Improvement Bond.

Public Improvement Bonds 2008 Capital Projects Fund – this fund will account for the proceeds of the 2008 Public Improvement Bond that is anticipated to be issued in the Spring of 2008.

Public Improvement Bonds 2009 Capital Projects Fund – this fund will account for the proceeds of the 2009 Public Improvement Bond that is anticipated to be issued in the Winter of 2009.

- The Enterprise Funds are used to account for activities, which are similar to those often found in the private sector. Enterprise fund measurement focus is upon determination of net income, financial position, and changes in financial position. The County Enterprise funds are:

Allegany County Nursing Home Fund – this fund accounts for the operation of the County Nursing Home with resources being provided from user charges paid either by the patient or Medicaid/Medicare on behalf of the patient.

Water Districts Fund – this fund accounts for the service charges received for providing water service to the water districts operated by the County.

Sanitary Districts Fund – service charges from 15 sewer districts are accounted for in the County's Sanitary District Fund.

County Loan Fund – the loan fund accounts for the loan activity between the County and various agencies, including the County's enterprise funds.

Allconet II Fund – the fund accounts for operations and internet fees collected for the Allconet II High Speed Internet technology that was designed by various County agencies.

Budget Review

During the budget process, requests from departments are reviewed by the Director of Finance in the following areas: 1) whether revenues are projected accurately, not overstated or understated; 2) whether there are other revenue sources that can be accessed or increased; 3) whether the demand and workload support additional staff or supplies; 4) whether the mathematical calculations are correct; 5) whether efficiencies could realize a reduction in expense; and 6) whether the stated objectives and associated cost to achieve them are in line with the spending priorities of the Board of County Commissioners. The specific steps taken to prepare FY 2009 budget were as follows:

RESERVES

Total Operating Fund Balance – Based upon advice from bonding agencies and as recommended by the Government Finance Officers Association, Allegany County will maintain reserves at a minimum level equal to five percent (5%) of budgeted total operating expenditures and at least seven percent (7%) of the budgeted General Fund expenditures. If an emergency exists that requires the reserves to fall below the minimum level, a plan of action to replenish the balance up to the minimum level shall be prepared and approved by the Board. Conditions that shall be considered as emergency shall be at the sole discretion of the County Commissioners. As of June 30, 2008, the County’s “Rainy Day” amount is planned to be \$7,000,000 which is 5.4% of the total FY 2009 Operating Budget of \$129,956,802. Also, the \$7.0 million “Rainy Day” amount is the equivalent to 3.00 weeks of cash flow, excluding capital projects. This represents a 0.25 day increase from FY 2008.

DEBT AFFORDABILITY EVALUATION

This process is intended to be used for the purpose of making recommendations to the Board regarding the issuance of debt. It is understood that the Board of County Commissioners makes the final decision.

1. Allegany County will not use long-term debt to finance current operations.
2. The economic benefits of purchase vs. lease purchase vs. straight lease will be reviewed at the time of acquisition for routine purchases. These installments, if used, will not exceed five years in duration.
3. Allegany County will use long-term debt to finance capital improvement projects that cannot be financed from current revenue sources or which logically should be paid for by multiple generations of taxpayers.
4. The total general obligation debt service of the Allegany County general fund will not exceed eleven percent (11%) of the total general fund revenue, thirteen percent (13%) of the total operating budget and will not exceed ninety percent (90%) of the debt affordability model. Debt for all other enterprise funds will be issued after a case-by-case determination that debt service can be paid from the enterprise fund without general fund supplement.

5. Debt for obligations having a duration of five years or less may be funded through the use of short-term notes if the County Administrator and Director of Finance advise that (A) the projected interest rates relative to the costs associated with bonded debt issuance are to the advantage of the County, and (B) such analysis is made at each renewal.
6. Construction projects having debt obligations of more than five years may, on the advice of the County Administrator and the Director of Finance, be funded through short-term notes during construction to be followed by longer term bonding when the project is completed. The County Administrator and the Director of Finance may use the advice of financial counselors in determining appropriate debt issuance in each instance.
7. All General Obligation Bonds will be issued with all maturities and interest rates subject to a formal competitive bid process unless the Board of County Commissioners directs otherwise.
8. Absent compelling arguments on a case-by-case basis, all General Obligation Bonds will be issued with a call feature with the exception of special assessment bonds. The Board of County Commissioners must approve exceptions.
9. Revenue Bonds underwriting services will be solicited from all major and local investment banking firms. All firms expressing an interest in providing the service will be allowed to participate in the process individually or as part of a group. Firms will be allowed to submit multiple proposals individually or as a part of one or more groups. Individual bids, multiple bid proposals, and any combination of these beneficial to the county will be evaluated by the County Administrator, the Director of Finance and the affected department, then recommended to the Board for approval.
10. Investment of capital funds will be done by the Director of Finance in a manner consistent with the County Investment Policy dated May 1996.
11. All bonds will be financed for a period not to exceed the expected useful life of the project.
12. No bonds will be issued which provide for balloon principal payments at the end of the term of issuance.
13. No bonds will be issued involving variable-rate debt.
14. Allegany County will maintain good communication with bond rating agencies about its financial condition and will follow a policy of full disclosure on every financial report and bond prospectus. **Current bond ratings are Standard and Poor (A-) and Moodys (Baa1).**
15. For each issue of debt, Allegany County will consult bond counsel and/or a financial advisor.

CAPITAL IMPROVEMENT PROGRAM

Improvements to the County's capital assets normally require a large expenditure of resources. The large, up-front expenditures benefit the County and its citizens by extending the life of these assets for many years. Decisions regarding the financing of these capital improvements impact the availability of resources for on-going operations and the County's ability to fund additional capital improvements in the future. Funding decisions must therefore be made in light of short- and long-term resources and coincide with the life and cost of the assets involved.

The following describes the financial policies that guide decisions related to capital improvements:

1. The County Commissioners are committed to balancing the need for maintaining the County's capital assets while providing on-going, direct services to the citizens. The County's capital inventory will not be neglected in an effort to maintain current operations.

2. The County is committed to balancing the need for capital improvement projects based upon its ability to finance the improvements within existing short- and long-term resources. The issuance of debt to finance capital improvements is predicated on the ability of the County to service the debt over the life of the issue.
3. Financing decisions relating to capital improvements must balance the use of pay-as-you-go financing (current resources) versus long-term financing options (issuing debt). To the extent practical, the use of current revenue to finance capital improvement projects reflects the County's intent to show purposeful restraint when incurring long-term debt. In the same regard, financing decisions should consider the useful life of capital improvements and spread the costs of the improvements over their useful lives. This ensures that those that benefit from them pay for the improvements.
4. The County Commissioners promote and encourage the leveraging of resources to maximize efforts for capital improvements. This includes participation in intergovernmental programs and the issuance of debt to finance capital improvements.
5. Capital improvement decisions will consider and accommodate the impact of operating and maintenance costs to ensure the ability and capacity to maintain the capital asset. To this end, the Capital Improvement Budget will be considered concurrently with the Operating Budget.

The criteria for inclusion in the Capital Plan are:

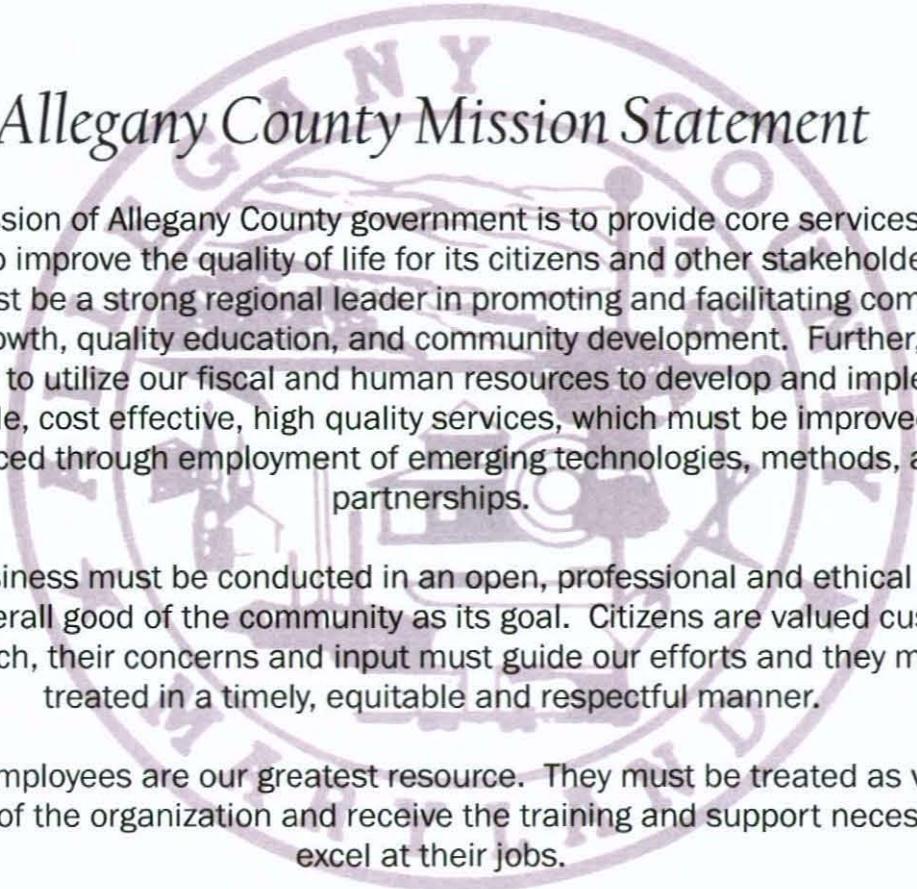

- A. Construction of a new or expanded facility which requires a significant expenditure of funds;
- B. Large scale rehabilitation or replacement of existing facilities;
- C. Acquisition of land for a community facility such as a street or building;
- D. The cost of engineering or architectural studies and services related to public improvement;
- E. Purchase of equipment for public improvements when they are first erected or acquired;
- F. Major pieces of equipment which are expensive and have a relatively long period of usefulness; and
- G. Capital items which should normally be on a replacement schedule but require a large one-time outlay to establish a schedule or bring a schedule up-to-date.

Allegany County, Maryland

Vision of Allegany County Government

Allegany County will be the premier community in our region to live, work and play. To achieve this, we will be responsive to our citizens and other stakeholders through effective communication, efficient delivery of core services, management of available resources, development of new resources and innovative utilization of staff, technology and partnerships.

Allegany County Mission Statement

The mission of Allegany County government is to provide core services and programs to improve the quality of life for its citizens and other stakeholders. The county must be a strong regional leader in promoting and facilitating commerce, economic growth, quality education, and community development. Further, we must endeavor to utilize our fiscal and human resources to develop and implement accessible, cost effective, high quality services, which must be improved and enhanced through employment of emerging technologies, methods, and partnerships.

County business must be conducted in an open, professional and ethical manner with the overall good of the community as its goal. Citizens are valued customers and as such, their concerns and input must guide our efforts and they must be treated in a timely, equitable and respectful manner.

County employees are our greatest resource. They must be treated as valued members of the organization and receive the training and support necessary to excel at their jobs.

a For State And County real property tax purposes, real property is valued at market or "full cash value." Effective as of October 2000, real property is assessed at 100% of its cash value. All property is physically inspected once every three years and any increase in full cash value arising from such inspections is phased in over the ensuing three taxable years in equal installments by the Maryland Assessment and Taxation Office.

b Combined tax rate is broken down into \$0.9829 and \$0.1120 respectively for County and State

c Allegany County offers a 1% early payment discount for full year -taxes paid in July or August. No discount is offered by the State on State property taxes.

FY 2009 Budget Indicators

	Revenue Per Capita					Budgeted 2008
	2003	2004	2005	2006	2007	
Gross Operating Revenues	61,459,452	65,639,980	66,433,689	70,730,971	73,926,001	76,489,455
Consumer Price Index	183.3	189.7	194.5	202.9	205.4	214.8
Gross Operating Revenues	33,529,434	34,601,993	34,156,138	34,860,015	35,991,237	35,609,616
Current Population	74,798	73,600	73,668	73,871	73,128	72,831
Gross Operating Revenues Per Capita	448.3	470.1	463.6	471.9	492.2	488.9

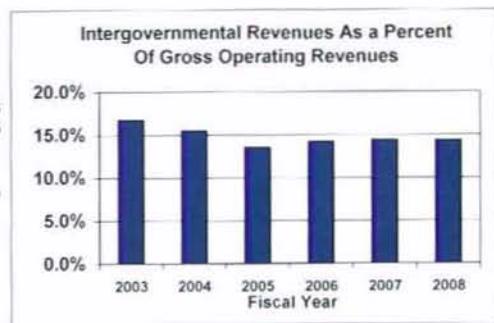

Description:

Examining per capita revenues shows changes in revenues relative to changes in population size and rate of inflation. As population increases, it might be expected that revenues and the need for services would increase proportionately, and therefore that the level of per capita revenues would remain at least constant in real terms. If per capita revenues are decreasing, the government may be unable to maintain existing service levels unless it finds new revenue sources or ways to save money. This reasoning assumes that the cost of services is directly related to population size.

Intergovernmental Operating Revenues

	2003	2004	2005	2006	2007	Budgeted 2008
Intergovernmental Operating Revenues	10,304,740	10,170,138	8,989,553	10,025,425	10,608,752	10,960,088
Gross Operating Revenues	61,459,452	65,639,980	66,433,689	70,730,971	73,926,001	76,489,455
Intergovernmental Operating Revenues As A Percent Of Gross Operating Revenue	16.8%	15.5%	13.5%	14.2%	14.4%	14.3%

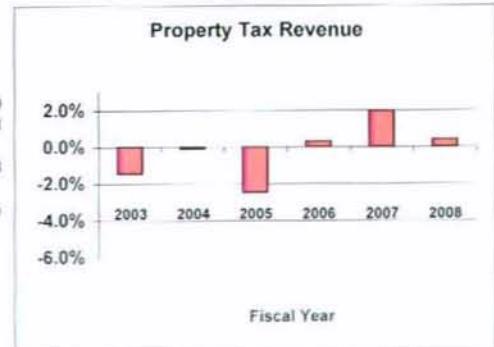

Description:

Intergovernmental revenues are revenues received from another governmental entity. Dependence on such revenues can be harmful. If federal or state governments struggle with their own budgetary problems and cut back funding to local governments, then these cutbacks could force the local government to either reduce the program, eliminate it, or fund it out of the general fund.

Property Tax Revenues

	2003	2004	2005	2006	2007	Budgeted 2008
Property Tax Revenues	27,527,977	28,460,485	28,460,485	29,786,204	30,740,703	32,276,639

Growth Rate In Constant Dollars	-1.5%	-0.1%	-2.5%	0.3%	1.9%	0.4%

Description:

Property tax revenue should be considered separately from other revenues because it is a primary source revenue source. A decline or diminished growth rate in property taxes may be the result of overall decline in property value, default in property tax payment, inefficient assessment, or change in tax policy.

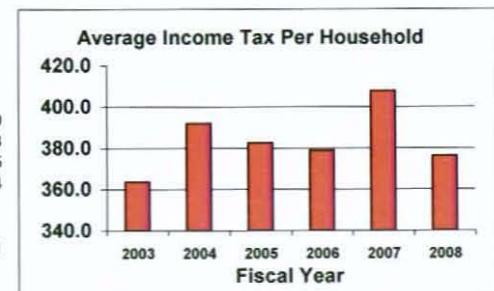

Income Tax Revenues

	2003	2004	2005	2006	2007	Budgeted 2008

Revenue Variance As A Percent Of Gross Operating Revenue	-1.36%	4.39%	2.18%	3.57%	0.66%	

Description:

Measuring revenue estimates and actual revenues during the fiscal year will improve the estimating process. Major discrepancies that continue can indicate a changing economy, inefficient collection procedures, or inaccurate estimating techniques.

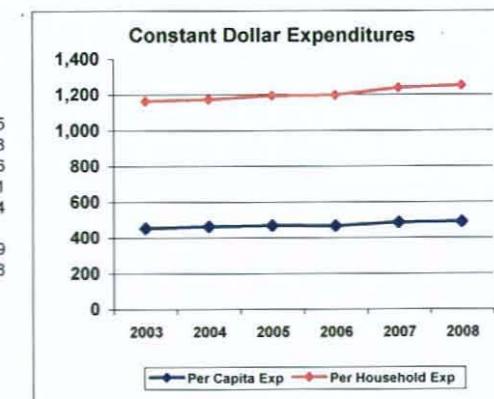

Expenditures Per Capita

	2003	2004	2005	2006	2007	Budgeted 2008
Net Operating Expenditures & Transfers	61,974,100	64,297,915	66,914,923	69,687,540	72,707,052	76,489,455

Per Household Expenditures	1,162	1,170	1,192	1,195	1,236	1,248

Description:

Changes in per capita expenditures reflect changes in expenditures relative to changes in population. Increasing per capita expenditures can indicate the cost of providing the services is depleting the community's ability to pay especially if spending is increasing faster than residents' collective personal income. However, an increase in per capita may indicate the community is demanding and receiving more services than in the past years.

Employees Per Capita

	2003	2004	2005	2006	2007	Budgeted 2008

Population	74,798	73,600	73,668	73,871	73,128	72,831

Number Of County Employees Per Capita

Description:

Personnel costs are a major portion of a local government's operating budget. Increasing per capita may indicate decreasing productivity or increased service level. Full-time employees exclude nursing home and sanitary district employees.

Operating Surplus/Deficits

	2003	2004	2005	2006	2007	Budgeted 2008
Gross Operating Revenues	61,459,452	65,639,980	66,433,689	70,730,971	73,617,727	76,489,455
General Fund Surplus/Deficit	-112,860	676,548	2,124,315	2,723	1,369,433	

General Fund Operating Deficits/Surplus As A % Of General Fund Revenues

Description:

An operating surplus occurs when revenues exceed expenditures. This may happen due to efficiencies in providing services or a strengthening economy. The surplus will increase the fund balance which can be used for economic downturns or for one time expenditures. Fund balances and surplus will affect the credit rating of a local government. This in turn will impact the cost of future borrowing.

General Fund Unreserved Fund Balance As A Percent Of Revenue	2.4%	2.7%	1.9%	1.7%	2.7%	2.6%

Description:

The size of the fund balance indicates a government's ability to withstand a financial emergency. It can also impact the ability to finance long term purchases without borrowing. Some of the fund balance may be reserved for certain purposes and some of it may not be reserved for any purpose.

Fund Balances As A % Of Revenue

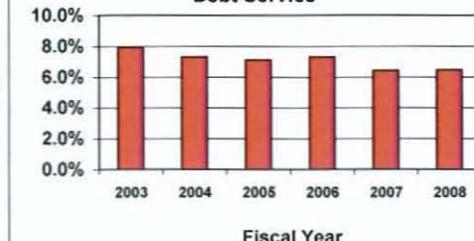

Debt Service

	2003	2004	2005	2006	2007	Budgeted 2008
Gross Operating Revenues	61,459,452	65,639,980	66,433,689	70,730,971	73,617,727	76,489,455
Debt Service	4,870,889	4,799,670	4,717,070	5,153,888	4,734,206	4,937,685
Debt Service As A % of Revenues	7.9%	7.3%	7.1%	7.3%	6.4%	6.5%

Description:

Debt service is defined as the amount of principal and interest that a local government must pay each year. Increasing debt service reduces expenditure flexibility by adding to the government's obligations. Debt service can be a major part of a government's fixed costs and its increase may indicate excessive debt and fiscal strain.

Capital Outlay

	2003	2004	2005	2006	2007	Budgeted 2008
Total Capital Outlay	456,973	786,797	1,070,298	1,780,373	1,223,380	1,896,265
Operating Expenditures And Transfers	61,974,100	64,297,915	66,914,923	69,687,540	72,707,052	76,489,455
Capital Outlay As A % Of Expenditures	0.74%	1.22%	1.60%	2.55%	1.68%	2.48%

Description:

Expenditures for operating equipment such as trucks and equipment drawn from the operating budget are usually referred to as "capital outlay." Capital outlay items normally include equipment that will last longer than one year and that has an initial cost above a significant minimum amount, such as five hundred dollars. Capital outlay does not include capital budget expenditures for construction of infrastructure such as streets, buildings, or bridges. The purpose of capital outlay in the operating budget is to replace worn equipment or to add new equipment. The ratio of capital outlay to net operating expenditures is a rough indicator of whether the stock of equipment is being adequately replaced. Over a number of years, the relationship between capital outlay and operating expenditures is likely to remain about the same. If this ratio declines in the short-run (one to three years), it may mean that the local government's needs are temporarily satisfied since most equipment lasts more than one year. A decline persisting over three or more years can indicate that capital outlay needs are being deferred which can result in the use of inefficient or obsolete equipment. The use of capital leasing as a financing method could give the impression that capital expenditures are declining.

Capital Outlay

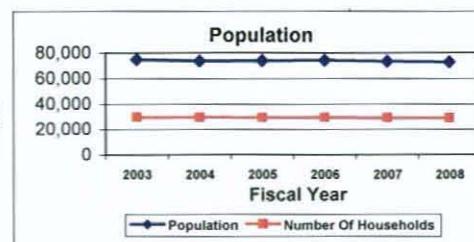

Population

	2003	2004	2005	2006	2007	Budgeted 2008
Population	74,798	73,600	73,668	73,871	73,128	72,831
Number Of Households	29,094	28,980	28,866	28,752	28,638	28,524

Description:

Population change can directly effect governmental revenues. A sudden increase in population can create immediate pressures for new capital outlay and higher level of services. A decreasing population will result in fixed costs being paid for by fewer people. A decreasing population may also force the government to offer less services.

Population

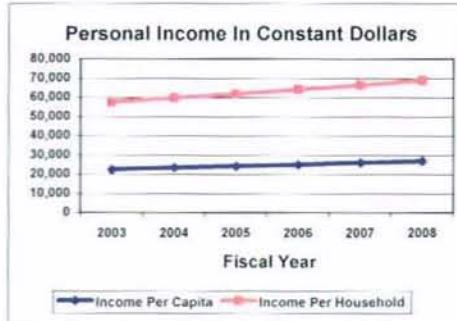

Personal Income Per Capita/Household

	2003	2004	2005	2006	2007	Budgeted 2008
Personal Income	1,678,723,000	1,732,192,000	1,787,364,041	1,844,293,366	1,903,035,947	1,963,649,538

Income Per Household	57,701	59,773	61,920	64,146	66,452	68,843

Description:

Personal Income Tax Per Capita is one measure of a community's ability to pay taxes. The higher the per capita income, the more property tax, sales tax, income tax, and business tax the community can generate.

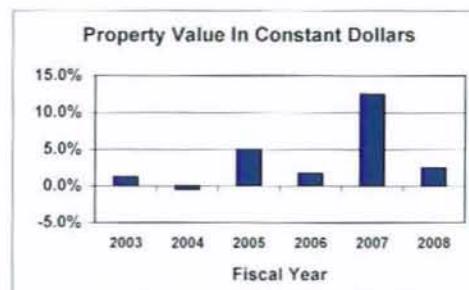

Property Value

	2003	2004	2005	2006	2007	Budgeted 2008
Market Value Of Real Property	2,158,322,043	2,223,185,344	2,392,928,708	2,539,519,018	2,892,351,018	3,100,438,126
Consumer Price Index	183.3	189.7	194.5	202.9	205.4	214.8
Property Value - Constant Dollars	11,774,807	11,719,480	12,302,975	12,516,111	14,081,553	14,434,069
% Change In Property Value	1.2%	-0.5%	5.0%	1.7%	12.5%	2.5%

Description:

Changes in property value are important because most local governments depend on the property value for a substantial portion of their revenues. The effect of declining property value on governmental revenues depends on the government's reliance on property taxes. The extent to which the decline will ripple through the community's economy affecting other revenues such as those from sales tax is more difficult to determine. All of the economic and demographic factors are closely related. A decline in property value will probably not be a cause but a symptom of other underlying problems.

State Of Maryland Unemployment Rate	4.5%	4.4%	4.2%	4.0%	3.7%
United States Unemployment Rate	5.9%	5.8%	5.0%	4.8%	4.6%

Description:

Changes in the unemployment rate are related to changes in personal income and are thus a measure of the community's ability to support its business sector.

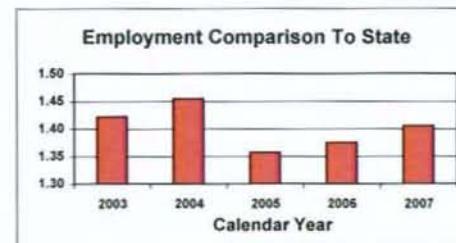

Unemployment Rate Comparison To State

	2003	2004	2005	2006	2007

Ratio Of County To State Unemployment	1.42	1.45	1.36	1.38	1.41

Description:

Changes in the unemployment rate are related to changes in personal income and are thus a measure of the community's ability to support its business sector. These changes can be a result of the national, state, or local economy.

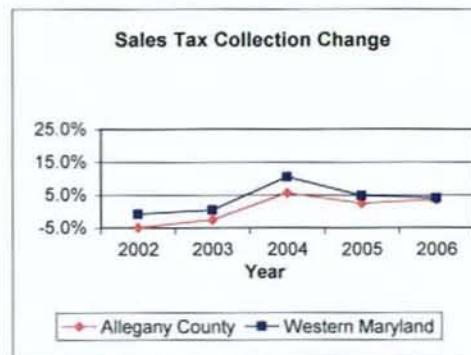

Sales Tax Collections

Sales Tax Collected - Western Maryland	112,061,831	112,404,726	124,108,271	129,956,000	135,251,158
Percentage Change - Allegany County	-5.0%	-2.6%	5.4%	2.3%	3.5%
Percentage Change - Western Maryland	-0.8%	0.3%	10.4%	4.7%	4.1%

Description:

The level of business activity affects a local government's financial condition in two ways. First it directly affects any revenue yields that are a product of business activity such as those from sale or gross receipt taxes. Second, it has indirect influences. A change in business activity affects demographic and economic areas such as personal income, property value, and the employment base. Changes in business activity also tend to have cumulative effects. A decline in business activity can for example harm a community's employment base, income, and property value which in turn creates further decline in business activity.

RESOLUTION NO. 08-10

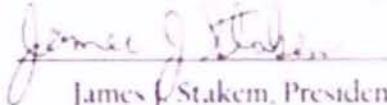

WHEREAS, the Board of County Commissioners must adopt a budget by June 30, 2008 for the Fiscal Year July 1, 2008– June 30, 2009, and
WHEREAS, the Board, in accordance with state law held a Constant Yield Hearing on April 3, 2008, to take public input on the proposed tax rates and to inform the public that the setting of the levy would be adopted on May 29; and
WHEREAS, the Board held a public preliminary budget hearing on April 17, 2008, and sought additional public input at their, May 1, 8 and 15, 2008 meetings; and
WHEREAS, the Finance Director, at the request of the Board, held budget hearings with all County departments and the Allegany County Commissioners held hearings with agencies to review their requests and develop a balanced FY 2009 budget for the Board's review and approval.

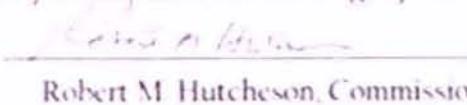

NOW THEREFORE BE IT RESOLVED BY THE COUNTY COMMISSIONERS OF ALLEGANY COUNTY, MARYLAND, THAT:

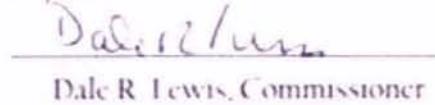

1. The Commissioners adopt the FY 2009 Operating and Capital Budget, as modified and as summarized in the attached list of funds, in the amount of \$139,957,236.
2. The Commissioners hereby approve a revised Appendix A (Allegany County Pay Range) to the *Rules and Regulations Governing Employees* providing a cost of living increase of 3.0%, increments, and approved personnel changes.
3. The FY 2009 Budget reaffirms the County's Cash Management/Investment Policy as revised May 1996. We remain within the current self-imposed debt affordability standards.
4. The FY 2009 General Fund Budget will increase by 1.7%.
5. The FY 2009 Tax Levy continues to reflect the tax differential formula revisions based on the May 27, 2004 ruling by Circuit Court Judge Gary G. Leisure.
6. The FY 2009 budget reflects the operation of Paper Gaming with revenues, after all administrative costs, and in accordance with Section 1-112(f)(2)a, to designate 25% of remaining revenues to fire and rescue companies and Section 1-112(f)(2)b of the Paper Gaming Regulations and designate the remaining (75%) for capital education project funding. As previously enacted, the county designates the Allegany County Fire & Rescue Board to determine distribution of all revenues as referenced in Section 1-112(f)(2)a for FY09.
7. The Commissioners have approved no rate increases on taxes or fees this includes Recordation and Piggyback taxes for FY09.
8. The FY09 budget provides \$157,000 in Planning Dept. Budget for the new Comprehensive Plan in accordance with a State mandate.
9. The recent 2008 state mandate for new election machines will cost us \$50,951 while we are still paying \$113,385 for the 2002 mandated electronic machines for a total amount of \$164,336.
10. The FY09 budget provides for a new EMT position in Emergency Medical Services Program which brings us up to 5 paramedics and provides \$42,000 to the City of Cumberland for backup emergency medical services outside of the City.
11. The FY09 budget provides for 1 additional 911 Dispatcher.
12. The FY09 budget provides funding for the Victim-Witness Coordinator for the State's Attorney.
13. The FY09 budget increases the General Fund Transfer to the Roads Fund of \$385,753 or approximately 21% to shore up some of the loss of the State Highway User revenue cuts.

Adopted this 29th day of May, 2008

Debt Service

Why Incur Debt?

Most capital expenditures are too expensive to pay for during a single budget year. Just as most homeowners finance their homes with mortgages, governments also secure long-term borrowing for certain projects. Financing a project over a period of years will also assess the taxpayers that use the project, therefore, current residents do not pay 100% for a project that has future use.

Interest rates for local government financing tend to be lower than commercial due to the low risk associated with the government's ability to repay the debt. Interest paid is tax exempt by the federal government and by the state of Maryland. In other words, the borrowing cost is less expensive for local governments. The debt is normally structured to coincide with the life of the project and before major renovation is needed.

Bond Agencies And Allegany County's Rating

Allegany County receives rating from two major bond credit rating agencies: Standard & Poor's (A-) and Moody's Investor Service (Baa1). These independent rating services rate organizations by evaluating their credit-worthiness. On February 24, 2000, Moody's Investor Service increased Allegany County's bond rating from Baa2 to Baa1 based upon the fiscal condition and policies of the County.

The chart below displays the various ratings each service provides:

Moody's Expanded Scale		Standard & Poor's
Previous Symbol	New Symbol	Rating Symbol
Aaa	Aaa	AAA
Aa1	Aa1	AA+
Aa	Aa2	AA
	Aa3	AA-
A1	A1	A+
A	A2	A
	A3	A-
Baa1	Baa1	BBB+
Baa	Baa2	BBB
	Baa3	BBB-
Ba1	Ba1	BB+
Ba	Ba2	BB
	Ba3	BB-
B1	B1	B+
B	B2	B
	B3	B-1

Strongest bonds in A and Baa groups are designated as A-1 and Baa-1 respectively
Plus (+) and minus (-) signs may be added to show relative standing within major rating categories

Moody's Investor has refined its rating system to include expanded bond rating symbols. Numerical modifiers 2 and 3 will be added to numerical modifier 1, used by Moody's since 1981 to distinguish issues that rank in the higher end of the rating category. Modifier 2 indicates the issue ranks in the mid-range of the category; modifier 3 indicates a ranking in the low range of the category. None of the modifiers will apply to issues rated Aaa, Caa, Ca, or C. Bond issues are rated Aa1, A1, Baa1, and B1 will remain unaffected by the expansion of symbols.

Debt Affordability Message

F.Y. 2009

May 29, 2008

As part of the annual budget process, a five year capital improvement plan is developed in which numerous and varied capital requests from all sources are evaluated. A committee of Planning, Public Works, and Finance personnel meet along with the County Administrator to review and prioritize these requests and to develop a time frame of when and how much debt the county will incur to fund these projects based upon a debt affordability model.

The County Commissioners have imposed guidelines on the amount of general obligation debt which may be borrowed by the County to fund these projects. These five guidelines along with the self imposed limits are listed below with the projected ratios for fiscal years 2009 through 2011. The self imposed limits are at 90% of the maximum rate.

Projected Allegany County Ratios	Maximum Rate @ 90%	F.Y. 2009	F.Y. 2010	F.Y. 2011
1. G.F. Debt Service/G.F. Revenue	11.70%	6.85%	6.04%	6.19%
2. Debt/Capita	\$585	\$439	\$454	\$542
3. G.F. Debt Service/G.F.Expend.	13.50%	6.85%	6.04%	6.19%
4. Debt/Full Value	3.15%	0.94%	0.96%	1.14%

The current debt level is within self imposed limits. The County is planning a Spring 2008 issue that will add some \$4.5 million of new debt funded by the General Fund. The County is also recognizing significant revenues from oversight of paper gaming activities which are planned for various K-12 school projects throughout Allegany County that would further increase debt or eliminate the projects from being undertaken if these gaming revenues were not utilized.

What Is Debt Affordability?

The County Commissioners have imposed voluntary guidelines on the amount of general obligation debt which may be borrowed by the County. Debt affordability computes the maximum amount of debt for the County.

What If The County Is Under Its Debt Affordability Limits?

When the County is under its debt affordability limits, the capacity for additional borrowing is available. It should be noted that if the County were to incur additional debt, the debt service payments on the new debt would take away from the amount the County could spend on appropriations for education, public safety, and other government services unless new revenues or tax increases are realized.

What Debt Affordability Factor Constrains The County The Most?

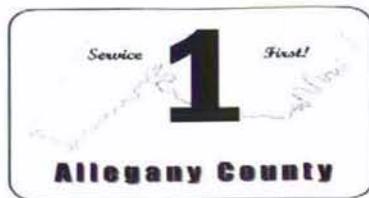

The factor that constrains the amount the County may borrow is debt per capita. The County's self imposed limit is \$585 per resident.

Does The County Count Prisoners In The State And Federal Prisons?

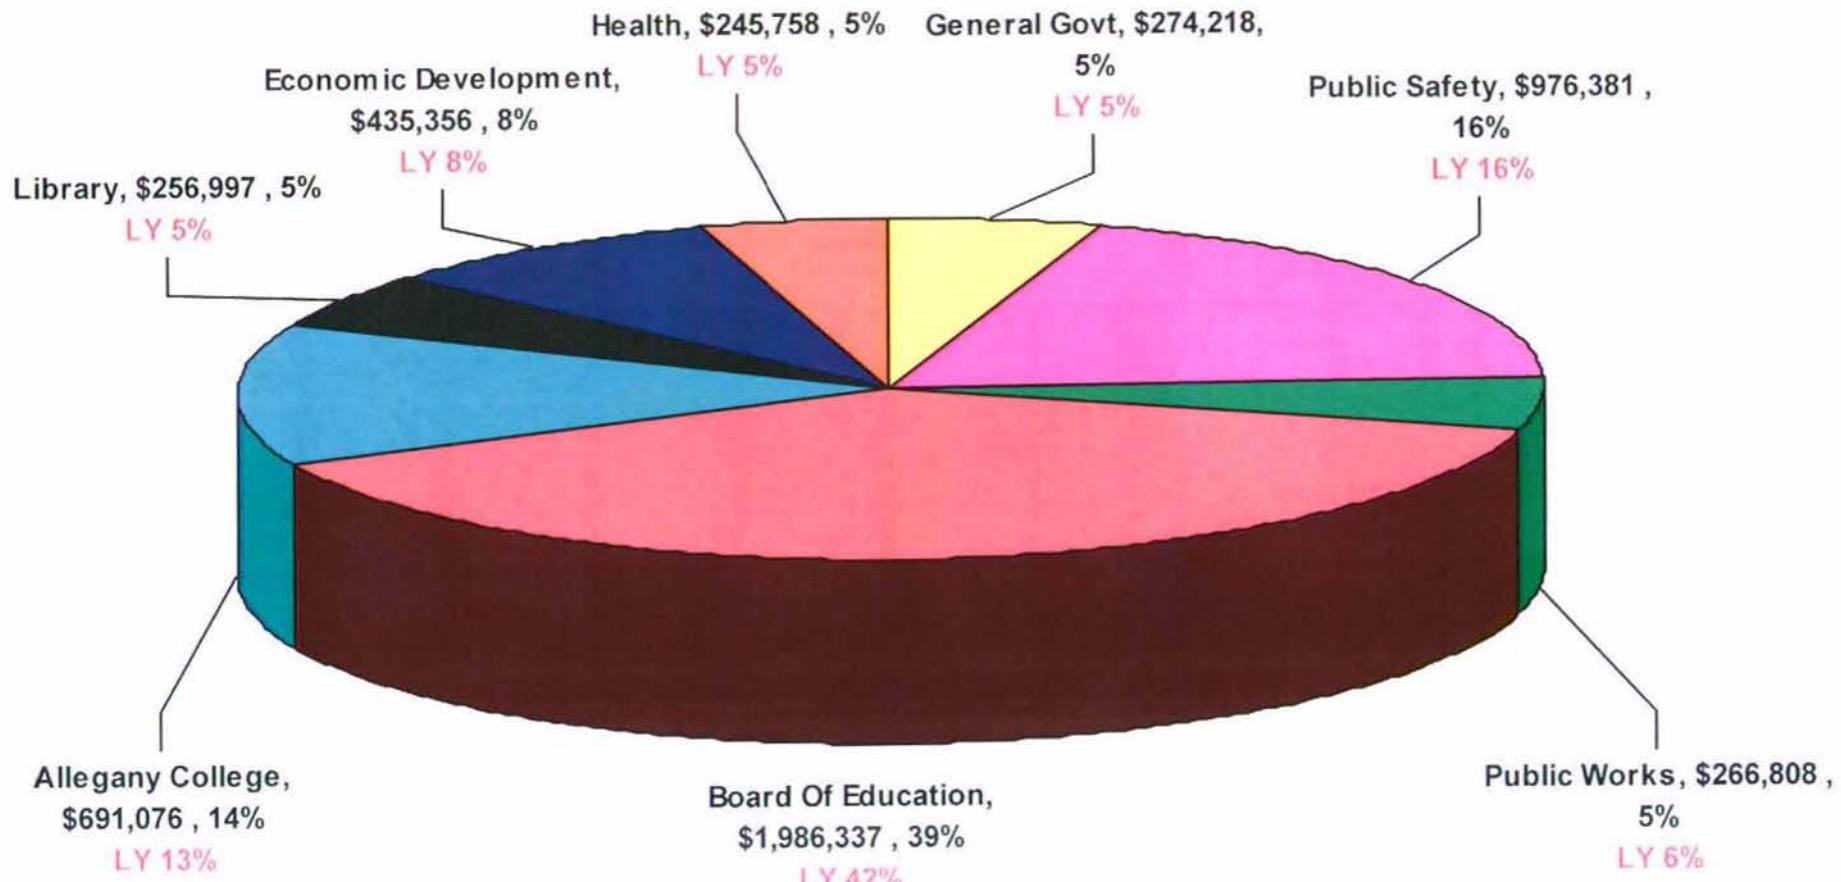

In the early 1990's a federal prison and state prison located within the County. Currently there are approximately 3,695 prisoners in these facilities. While the County recognizes the positive economic impact of these facilities, the County does not count these residents when running debt affordability models because of the minimal income taxes prisoners pay. If the County did count prisoners, nearly \$2.2 million could additionally be borrowed. The County has adopted the most fiscal conservative stance in this matter relating to debt management.

How Long Does It Take The County To Pay Off Debt?

The County has historically used a 15 year term to payoff debt and some new debt is using a 10 year term.
